Dear Pugh Marina trailer storage customers,

As you have probably noticed, we have had a marked increase in the amount of trailers stored in our yard. This has caused a shortage of parking for our slip rental customers and causes problems during haul-out and launch seasons. In order to address the problem we will have to change some procedures that we follow for the storage of trailers that will provide our customers with a place to store their trailers on site without disrupting our other operations.

As of this spring we will start with the following changes;

- All trailers in the yard will be marked with a tag indicating the customer name and name of the boat
- We will continue to store trailers for boats that are winter stored here
- Trailers will be stored in the north yard. Customers who want their trailer accessible throughout the summer in the main lot will need to pay our summer in and out rates
- Charge for trailer storage for the summer will remain at \$75.00 for those trailers stored in the north yard.

These changes will probably not affect most of our customers but will help address some of the problems that we have been experiencing. With your help we can make Pugh Marina a little better for all of our customers.

Any questions about these changes please feel free to contact me at your convenience.

Regards,

Bill Halliday,

Marina Manager
